

Go for a walk with your family. Collect some different coloured autumn leaves and make a picture with them when you get home.

Get creative!
Teach yourself how to draw
[Art for Kids Hub](#)

Catch up on anything on your class website that you have not finished. Perhaps you have missed some wonderful specialist activities. Art, Music, PE, Library or Italian.

Have your own LEGO masters competition at home and build something awesome using lego.

Get INVENTIVE and build something from the things you find in your recycling bin.

Try some Zumba or online dance class.
[Try this one!](#)

Hang with Nature Mobile Making Course for kids.

[You must register in advance](#)
Wednesday 13th May @ 11am

Visit the **STEM** part of your class webpage and complete something there that you haven't had time to try.

Go on a virtual excursion to the zoo!
Watch the animals live in their cages.
